實習期 Duration	八星期 8 weeks (6 月 22 日至 8 月 14 日) (From 22 June to 14 August)
實習地點 Location	大灣區珠海市 Zhuhai, GBA
要求 Requirements	Students in the field of Business Administration, Healthcare Management, Information Technology, Biomedical Engineering, or related subjects are preferred
About Our Company We are a pioneering IT company dedicated to transforming elderly care through innovative technology. Our solutions empower institutions to deliver comprehensive health management, tele-consultation, disease screening, and rehabilitation services to the elderly. In recognition of our impact, we—alongside our partners—were honored with the Grand Award in the Smart People category at the 2025 Hong Kong ICT Awards. Internship Opportunity Join us for a dynamic 2-month summer internship at our subsidiary in Zhuhai, where you will gain hands-on experience in sales, marketing developing and implementing cutting-edge elderly care technologies. This internship is designed for passionate students who aspire to build a career in health tech, with the possibility of transitioning to a full-time role upon graduation. We Are Looking For • Current undergraduate or graduate students in Business Administration, Healthcare Management, Information Technology, Biomedical Engineering, or related fields. • Passionate about leveraging technology to improve quality of life for the elderly. • Strong problem-solving skills and a collaborative mindset. • Chinese Putonghua, Cantonese and English proficiency. The Company Will Provide: • Accommodation within walking distance to the office; • Living allowance in the form of stipend; • Fares for traveling to Zhuhai
